

Single-Use Face Shields

Product # FBFS

- Single-use, lightweight, easily adjustable
- Fits over glasses and masks
- FDA Class 1 medical devices
- Individually wrapped with peel-off protective film applied
- Treated for anti-fog
- Meets ANSI/ISEA Z87.1-2015 eye protection standards for droplets and splash (Z87 D3)
- Meets EN 166:2004, EU Eye Protection Standards for protection from splash and droplets

The single-use, ready-to-wear Face Shields are economical, lightweight, easily adjustable, and fit over glasses and masks. Face Shields comply with United States and European standards.

Made by the world's largest manufacturer of the retail plastic boxes, these low cost, yet effective single-use Face Shields use the same raw materials, technologies, and equipment that is used to make their high quality plastic packaging.

These Face Shields are authorized by the FDA under COVID-19 pandemic Emergency Use Authorization (EUA) as personal protective equipment (PPE) for use by healthcare professionals for medical purposes. They will remain authorized for the duration of the emergency as described in U.S. Federal Drug & Cosmetic (FD&C) Act, 21 USC 360bbb-3(b)(1), or until otherwise terminated or revoked.

Face Shields not be used in the presence of high intensity heat source or flammable gas.
